Pirate MIDI Documentation

Welcome to the Pirate MIDI Docs site. Here you can find documentation for all our products as well as our Device API. This site is a constantly updated resource. If something doesn't match what you're seeing, please make sure to update your firmware to the latest version

> ## Tip
>
> Press `/` to automatically activate the search box at any time, on any page. Just start typing and press `enter`

User Manuals

Read through the quickstart guides and detailed documentation for any Pirate MIDI device - new or old

→

Go To Manuals

Device API

Use our *Device API* and create custom third party integrations with any app or device.
